PROFESSIONAL SUMMARY

Aspiring software developer with expertise in Java, web development, and database management. Proficient in creating efficient, user-centric solutions with proven project success. Recent MCA graduate seeking innovative IT roles.

SKILLS

- **Programming Language:** Java
- **Web Development:** HTML, CSS
- **Databases:** MySQL, Oracle

EDUCATION

Master of Computer Application (MCA)
Krupanidhi College of Management, Bengaluru

Dec 2022 - Dec 2024
CGPA 7.8/10

Bachelor of Computer Application (BCA)
St Philomena College, Puttur

May 2018 – Oct 2021
Percentage - 62%

Class 12th - Karnataka State Board
St Philomena PU College, Puttur

May 2016 – May 2018
Percentage - 82%

PROJECTS

Toxic Comment Classification Using Logistic Regression

- Implemented Logistic Regression with TF-IDF vectorization to classify comments into multiple toxic categories.
- Addressed data imbalance issues using random oversampling to enhance minority class prediction.
- Evaluated model performance using metrics such as precision, recall, and F1-score, achieving significant accuracy improvement.

Abstractive Text Summarization

- Implemented the model in Python with TensorFlow and Keras libraries.
- Developed an abstractive text summarization model using Seq2Seq architectures and attention mechanisms.
- Conducted extensive data preprocessing and tokenization to prepare large datasets for training

GetWhatBasket - Online Home Needs Store

- Built a real-time web application using PHP.
- Designed a responsive UI with HTML, CSS and Bootstrap.
- Ensured data persistence and user management with SQL.

CERTIFICATIONS

- JAVA Full Stack Web Development Training - TapAcademy, Bangalore.
- Cloud Fundamentals - Excelr, Bangalore

SOFT SKILLS

- Confident and Determined
- Adaptable
- Effective communicator
